

Mobilitätsticket

The Brandenburg Mobility Ticket (Mobilitätsticket Brandenburg) is a personal monthly ticket which is issued at a reduced price. Passengers save up to 50 percent compared with the price of a regular VBB Umweltkarte (VBB Environmental Ticket). The Mobilitätsticket Brandenburg is a special offer for socially disadvantaged people and only issued as a monthly ticket.

50%

Only the following recipients are entitled to the mobility ticket:

- Those who receive regular benefits as set out in the German Social Security Code, Volume II (German unemployment benefit II, social benefits)
- Those who receive regular benefits as set out in the German Social Security Code, Volume XII
- Those who receive regular benefits as set out in the German Asylum Seekers' Benefits Act (AsylbLG)
- Members in "communities in need" (Bedarfsgemeinschaft), whose eligibility is certified on the VBB customer ID card.

Pupils who receive a student transport subsidy are not entitled to use the Mobilitätsticket. Pupils and their parents are kindly asked to contact the school authorities. In most cases, pupils from communities in need receive a VBB Pupil Ticket which the parents do not have to contribute to.

The Mobilitätsticket Brandenburg applies to all the VBB means of transport in the federal state of Brandenburg. It can be purchased for various zones to suit individual needs. The railways and buses within each zone can be used as often as desired. **The Mobilitätsticket Brandenburg is not valid for trips to Berlin.**

The Verkehrsverbund Berlin-Brandenburg

The VBB Berlin-Brandenburg transport authority (Verkehrsverbund Berlin-Brandenburg) and the associated transport companies aim to make using the local public transport as easy and convenient as possible.

We are constantly improving the connections between bus and railway, providing a uniform tariff, and easy-to-understand passenger information.

In addition to our passenger brochures we also recommend that you browse through our tariff information and news updates online at **vbb.de**. For timetable information and purchasing tickets on the go, the VBB Bus&Bahn app is available for download from the App Store or Google Play.

New for kids: the App „VBB jump“

The VBB customer ID Card

The Mobilitätsticket Brandenburg consists of a VBB customer ID card with a photo, which certifies eligibility, and a monthly pass for a certain period and zone.

The eligibility check takes place at the relevant agency (e. g. job centre, social welfare office) which provides the social benefits and issues VBB customer ID card. The agency enters the personal data (name address and date of birth) on the VBB customer ID card and sets the period of validity, depending on the duration of the social benefits approved, usually for up to six months.

The VBB customer ID card is only valid with a photo. So all beneficiaries need to bring a photo for the first issue of the card (photo service is not included, beneficiaries have to pay for the photo themselves).

The VBB customer ID card has a limited period of validity and will expire on the date indicated on the card. If social benefits are still obtained after the expiry of the VBB customer ID card, it must be extended by the issuing agency. If benefits are no longer obtained, the VBB customer ID card must be returned to the issuing agency or the transport company.

The monthly ticket

The monthly ticket is sold by the transport companies in their respective service centres. The Mobilitätsticket is also available from the automatic ticket vending machines or from bus drivers. Basically, the Mobilitätsticket Brandenburg is available wherever regular monthly tickets are available. The respective area and validity period are printed on the monthly ticket. Please note that the number of the VBB customer ID card must be filled in on the monthly ticket because the Mobilitätsticket is a personal ticket and not transferable. The monthly ticket is only valid when filled in with the number of the VBB customer ID card.

By the way, you don't have to wait until the first day of the next month. You can start travelling from any day onwards. The Mobilitätsticket Brandenburg is issued with the starting date of your choice. From this day on it is valid until midnight of the day preceding the date of its first day of validity in the following month.

Regulations on what passengers can take with them

With the Brandenburg Mobility Ticket, children under the age of six, a pram, luggage, as well as a dog can be taken along free of charge. A separate ticket for taking along a bicycle is required. Taking along any other people is not allowed.
